Montecito™ and Tuscany™ Vinyl Sliding Patio Doors

FEATURES

- Durable vinyl frames won't absorb moisture and never need painting
- Steel reinforced lock stiles provide increased strength and security around the mortise lock
- Mitered fusion welded corners for an aesthetically pleasing finish on standard doors
- Anti-lift device is installed in the frame to prevent the sliding panel from being removed when the door is closed and locked
- State-of-the-Art door rollers allow for effortless operation and adjustability of door panels
- Door available in White and Tan with color coordinated SmartTouch™ handle
- SunCoat® Low-E glass standard
- EdgeGard™ spacer standard

SMARTTOUCH HANDLE

- Simple one-touch motion allows the user to unlock, open and close the door with just minimal effort
- Ergonomic handle design eliminates the need for a separate locking knob
- Available in White and Tan
- Recognized for the simple easy-to-use, one touch operation, Milgard's patent-pending SmartTouch handle is easy to use for people of all ages
- Milgard is the first window and door manufacturer to receive the Arthritis Foundation Ease-of-Use Commendation
